PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of The Pittston Company (the 'Company') of proxies from holders of Pittston Common Stock (as defined below), to be voted at the annual meeting of shareholders to be held on May 2, 2003, at 1:00 p.m., local time, at the Hotel Inter-Continental The Barclay New York, 111 East 48th Street, New York, New York (and at any adjournment thereof), for the purposes set forth in the accompanying notice of such meeting.

On January 14, 2000, the Company completed an exchange (the 'Exchange') of its Pittston BAX Group Common Stock ('BAX Stock'), par value \$1.00 per share and Pittston Minerals Group Common Stock ('Minerals Stock'), par value \$1.00 per share, into Pittston Brink's Group Common Stock ('Brink's Stock'), at exchange ratios of .4848 share of Brink's Stock for each share of BAX Stock and .0817 share of Brink's Stock for each share of Minerals Stock. The remaining class, Brink's Stock (hereinafter referred to as 'Pittston Common Stock'), now constitutes the Company's only class of common stock and continues to trade on the New York Stock Exchange under the symbol 'PZB.'

The close of business on March 10, 2003, has been fixed as the record date for determining the shareholders entitled to notice of and to vote at the annual meeting, and only shareholders of record at the close of business on that date will be entitled to vote at the meeting and any adjournment thereof. On March 10, 2003, the Company had outstanding 54,253,423 shares of Pittston Common Stock, the holders thereof being entitled to one vote per share on all matters that the Board of Directors knows will be presented for consideration at the annual meeting.

This Proxy Statement and the accompanying form of proxy and Annual Report to Shareholders are being mailed to shareholders commencing on or about March 27, 2003. The mailing address of the principal executive office of the Company is 1801 Bayberry Court, P. O. Box 18100, Richmond, VA 23226-8100.

The election of directors, the selection of independent public accountants and the approval of the amendment of the Company's restated articles of incorporation to change the Company's name to 'The Brink's Company' are the only matters that the Board of Directors knows will be presented for consideration at the annual meeting. As to any other business that may properly come before the annual meeting, it is intended that proxies in the enclosed form will be voted in respect thereof in accordance with the judgment of the person voting the proxies.

The Company's bylaws provide that the chairman of the annual meeting will determine the order of business at the annual meeting and the voting and other procedures to be observed. The chairman is authorized to declare whether any business is properly brought before the annual meeting, and business not properly brought before the annual meeting will not be transacted.

The shares of Pittston Common Stock represented by proxies solicited by the Board of Directors will be voted in accordance with the recommendations of the Board of Directors unless otherwise specified in the proxy, and where the person solicited specifies a choice with respect to any matter to be acted upon, the shares of Pittston Common Stock will be voted in accordance with the specification so made.

The enclosed proxy is revocable at any time prior to its being voted by filing an instrument of revocation or a duly executed proxy bearing a later date. A proxy may also be revoked by attendance at the annual meeting and voting in person. Attendance at the annual meeting will not by itself constitute a revocation.

Votes cast by shareholders will be treated as confidential in accordance with a policy approved by the Board of Directors. Shareholder votes at the annual meeting will be tabulated by the Company's transfer agent, EquiServe Trust Company, N.A.

The Board of Directors has the responsibility for establishing broad corporate policies and for the overall performance of the Company, exercising their good faith business judgment of the best interests of the Company. Members of the Board are kept informed of the Company's business by various reports sent to them regularly, as well as by operating and financial reports made at Board and Committee meetings by the President and Chief Executive Officer and other officers and members of management. During 2002, the Board met nine times.

The Audit and Ethics Committee (the 'Audit Committee') recommends to the Board the selection by the shareholders at their annual meeting of a firm of independent public accountants, confers with the Company's independent public accountants to review the plan and scope of their proposed audit as well as their findings and recommendations upon the completion of the audit, and meets with the independent public accountants and with appropriate Company financial personnel and internal auditors regarding the Company's internal controls, practices and procedures. The Audit Committee also oversees the Company's legal and business ethics compliance programs. During 2002, the Board examined the composition of the Audit Committee and found the members to meet the independence requirements of the New York Stock Exchange. The Audit Committee currently consists of Mr. Sloane, as Chairman, and Messrs. Barker, Craig (whose term as a director expires in May), Grimes and Gross, none of whom is an officer or employee of the Company or any of its subsidiaries. The Audit Committee met seven times during 2002.

The Compensation and Benefits Committee (the 'Compensation Committee') is responsible for establishing and reviewing policies governing salaries, incentive compensation and the terms and conditions of employment of senior executives and other key employees of the Company, in addition to oversight of the Company's stock option plans for employees and similar plans which may be maintained from time to time by the Company. The Compensation Committee currently consists of Mr. Barker, as Chairman, and Messrs. Ackerman, Broadhead and Grinstein, none of whom is an officer or employee of the Company or any of its subsidiaries. The Compensation Committee met four times during 2002.

The Corporate Governance and Nominating Committee (the 'Corporate Governance Committee'), recommends to the Board nominees for election as directors and as senior executive officers of the Company, as well as reviewing the performance of incumbent directors in determining whether to recommend them to the Board for renomination. The Corporate Governance Committee currently consists of Mr. Gross, as Chairman, Mrs. Alewine and Messrs. Grinstein and Turner, none of whom is an officer or employee of the Company or any of its subsidiaries. The Corporate Governance Committee met five times during 2002. For information concerning procedures to be followed for submitting names of nominees for consideration by the Corporate Governance Committee, see 'Other Information -- Shareholder Proposals.'

The Finance Committee recommends to the Board dividend and other actions and policies regarding the financial affairs of the Company, including those relating to matters that may affect the financial strength of the Company. The Finance Committee currently consists of Mr. Ackerman, as Chairman, and Messrs. Breslawsky, Craig, Grimes and Turner, none of whom is an officer or employee of the Company or any of its subsidiaries. The Finance Committee met five times during 2002.

The Pension Committee is responsible for the oversight of the Company's Pension-Retirement Plan and Savings-Investment Plan and any similar plans which may be maintained from time to time by the Company. The Pension Committee also has general oversight responsibility for pension plans maintained by foreign and other subsidiaries of the Company. The Pension Committee has authority to adopt amendments to the Company's Pension-Retirement Plan, Pension Equalization Plan and Savings-Investment Plan. In carrying out these responsibilities, the Pension Committee coordinates with the appropriate financial, legal and administrative personnel of the Company, including the Company's Administrative Committee, as well as outside experts retained in connection with the administration of those plans. The Pension Committee currently consists of Mr. Broadhead, as Chairman, Mrs. Alewine and Messrs. Breslawsky and Sloane, none of whom is an officer or employee of the Company or any of its subsidiaries. The Pension Committee met four times during 2002.

2

The Executive Committee of the Board may exercise substantially all the authority of the Board during the intervals between the meetings of the Board. The Executive Committee currently consists of Mr. Dan, as Chairman, and all other directors, except that a quorum of the Executive Committee consists of one-third of the number of members of the Executive Committee, three of whom must not be employees of the Company or any of its subsidiaries. The Executive Committee held no meetings in 2002.

During 2002, all incumbent directors attended at least 75% of the total number of meetings of the Board of Directors and of the committees of the Board on which they served, and the average attendance at all meetings was approximately 97%.

COMPENSATION OF DIRECTORS

Each non-employee director is paid an annual retainer fee of \$32,500, an

attendance fee of \$1,750 per day for each meeting of the Board and of each committee of the Board, and a fee of \$1,750 per day for rendering any special services to the Company at the request of the Chairman of the Board. Each Committee chairman receives an additional annual fee of \$3,300. The annual retainer fees and attendance fees were increased in 2002 by 14.04% over the fees paid in 2001. A director may elect to defer receipt of his or her fees to future years and to receive interest thereon, compounded quarterly, at the prime commercial lending rate of J.P.Morgan Chase and Co., as of the end of the previous calendar quarter.

Under the terms of the Company's Directors' Stock Accumulation Plan, each non-employee director receives as of June 1 of each year, an allocation of Units representing shares of Pittston Common Stock (the 'Units') equal to (a) 50% of the annual retainer in effect on such June 1 if he or she has accrued less than eight years of service or (b) 25% of such annual retainer if he or she has accrued eight or more years of service, divided by the stock price for such date. In addition, under the Directors' Stock Accumulation Plan, additional Units are credited to participants' accounts in respect of cash dividends paid on the Pittston Common Stock based upon the Directors' Stock Accumulation Plan's formula for accrual. Upon a participant's termination of service, the distribution of shares of Pittston Common Stock equal to the number of Units allocated to such director's account will be made in a single lump sum distribution unless the participant elects at least 12 months before his or her termination to receive equal annual installments (not more than 10) commencing on the first day of the month next following his or her termination of service. On September 3, 2002, each participant's account was credited with a supplemental allocation of 14.04% of their existing account balance to increase the Units in each account with a corresponding percentage increase in the annual retainer fee for each director.

The following table sets forth information concerning the number of Units credited during 2002 to each participant standing for election or continuing as a director:

as the Non-Employee Directors' Stock Option Plan remains in effect. Each option granted annually will become exercisable six months from the date of grant. Each option granted under the Non-Employee Directors' Stock Option Plan constitutes a nonqualified stock option under the Internal Revenue Code of 1986, as amended (the 'Code'), and terminates no later than ten years from the date of grant. The Non-Employee Directors' Stock Option Plan expires May 11, 2008. The options are nontransferable otherwise than by will or the laws of descent and distribution except that options may be transferable to immediate family members (or trusts therefor) of an optionee.

Under the Directors' Charitable Award Program, the Company will contribute \$1,100,000 on behalf of each participating director after such director's death. Of that amount, \$100,000 will be donated to one or more tax-exempt organizations designated by the Company, and \$1,000,000 will be donated in accordance with the director's recommendations to eligible educational institutions and charitable organizations. Each of the Company's directors currently participates in the Directors' Charitable Award Program. The Company is the owner and beneficiary of life insurance policies insuring the lives of the participating directors. Premiums paid in 2002 in respect of such policies totaled in aggregate approximately \$378,000.

Under the Deferred Compensation Program, distributions with respect to the Common Stock Units are to be made in shares of Pittston Common Stock on the basis of one share for each Common Stock Unit (with cash paid for fractional Common Stock Units), but the aggregate value of the shares so distributed attributable to the deferral of salary pursuant to the Deferral of Salary portion of the Program (including related dividends, but not matching contributions) may not be less than the aggregate amount of the salary deferred pursuant to the Deferral of Salary portion of the Program and the related dividends in respect of which such Common Stock Units were initially credited. Such distributions will be made upon termination of employment or earlier upon election made more than one year prior to distribution.

- (b) Under the Company's Key Employees' Deferred Compensation Program, participants are permitted to defer up to 100% of the cash incentive payment for 2002 made to them pursuant to the Key Employees Incentive Plan and receive a Company-matching contribution with respect to the amount so deferred but not in excess of 10% of the cash incentive payment, which amounts were, as of January 1, 2003, converted into Common Stock Units in accordance with the formula for conversion in the Deferred Compensation Program. In addition, dividend credits of Common Stock Units were made to the participant's account in respect of cash dividends paid on Pittston Common Stock during 2002. STOCK OPTIONS

The following table sets forth information concerning nonqualified stock options granted under the Company's 1988 Stock Option Plan on July 11, 2002, to the Chief Executive Officer and the other officers named in the Summary Compensation Table. (a) Based on the Black-Scholes option-pricing model and the following assumptions: (i) projected annual dividend yield of 0.52% for Pittston Common Stock; (ii) expected volatility of 36.69%; (iii) a risk-free rate of return of 4.23%; and (iv) all options are exercised on the expiration date. All values vest at 33% per annum until fully vested, and were also

discounted by 3% per year to reflect the risk of forfeiture before vesting. The actual value an executive officer may receive depends on market prices and there can be no assurance that the amounts reflected in the Grant Date Present Value column will actually be realized. No gain to an executive officer is possible without a commensurate appreciation in stock value.

PENSION-RETIREMENT PLAN

The Company maintains a noncontributory Pension-Retirement Plan (the 'Pension Plan') covering, generally, full-time employees of the Company and participating subsidiaries who are not covered by a collective bargaining agreement. Accrued benefits under the Pension Plan are vested upon employees' completion of five years of Vesting Service (as defined in the Pension Plan). The Code limits the amount of pensions which may be paid under federal income tax qualified plans. The Board of Directors adopted a Pension Equalization Plan (the 'Equalization Plan') under which the Company will make additional payments so that the total amount received by each such person affected by the

Code limitations is the same as would have otherwise been received under the Pension Plan. The Company has reserved the right to terminate or amend the Pension Plan and the Equalization Plan at any time.

Effective December 1, 1997, the Equalization Plan was amended to permit participants to receive the actuarial equivalent of their benefit under such

1,700,000
357,000
535,500

Such amounts are based on the assumption that the employee will be in the Company's employ until normal retirement date (age 65), that the Pension Plan and Equalization Plan will continue in effect without change and that payments will be made on a straight life annuity basis. The Pension Plan and Equalization Plan give effect to the full amount of earnings shown under the salary and bonus columns of the Summary Compensation Table. At December 31, 2002, the executive officers named in such Table had been credited under the Pension Plan with the following years of Benefit Accrual Service: Mr. Dan, 21 years; Mr. Lennon, 26 years; Mr. Hartough, 16 years; Mr. Reed, 16 years; and Mr. Ritter, 5 years. The table does not reflect reductions on account of the applicable Social Security taxable wage base.

EMPLOYMENT AGREEMENTS

As of May 4, 1998, the Company entered into an employment agreement with Mr. Dan which, as amended as of March 8, 2002, provides him with, among other things, a minimum annual salary of \$884,000 for a period ending March 31, 2007, in exchange for his services as President and Chief Executive Officer of the Company. The agreement also provides certain benefits and obligations in the event of a termination of his services during the contract term, including a lump-sum cash payment equal to (i) his annual salary, as in effect immediately prior to such termination, multiplied by three plus (ii) the bonus, if any, paid to him in respect of the immediately preceding fiscal year multiplied by three, plus (iii) a sum reflecting the economic equivalent of certain employee benefit programs.

CHANGE IN CONTROL ARRANGEMENTS

In 1997 and 1998, the Company entered into change in control agreements with Messrs. Hartough, Lennon, Reed and Ritter. Pursuant to these agreements, in the event Messrs. Hartough, Lennon, Reed or Ritter are terminated by the Company without Cause (as defined in their respective agreements) or quit for Good Reason (as defined in their respective agreements) within three years following a Change

in Control (as defined in their respective agreements), the terminated executive will be entitled, in addition to other benefits, to a lump-sum cash payment equal to (i) his accrued pay (including a prorated portion of his annual bonus based on the number of days worked in the year of his termination) plus (ii) three times the sum of his Annual Base Salary and Annual Bonus (as defined in their respective agreements).

SEVERANCE AGREEMENTS

In 1997 and 1998, the Company entered into severance agreements with Messrs. Hartough, Lennon, Reed and Ritter which provide that if the executive is terminated by the Company other than for Cause (as defined in such agreements) or he quits for Good Reason (as defined in such agreements), the terminated executive shall be entitled to receive (i) his accrued pay (including a prorated portion of his annual bonus based on the number of days worked in the year of his termination), (ii) two times the sum of his annual base salary and Annual Bonus (as defined in such agreements) and (iii) previously deferred compensation and related matching contributions (whether or not vested). SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and any persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission (the 'SEC') and the New York Stock Exchange reports of ownership and changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that, during 2002, its officers, directors and

greater than 10% beneficial owners were in compliance with all applicable filing requirements.

REPORT OF COMPENSATION AND BENEFITS COMMITTEE

The Compensation Committee is responsible for establishing and reviewing policies governing salaries, incentive compensation, and the terms and conditions of employment of senior executive officers and other key employees of the Company. The policies of the Compensation Committee applicable to the compensation of executive officers are described below.

The Compensation Committee has established an overall compensation program to attract, retain and motivate executive officers and to enhance their incentive to perform at the highest level and contribute significantly to the Company's success. Recognizing the desirability of tying the compensation of executive officers to performance and of aligning their interests closely to the long-term interests of the Company and its shareholders, the Compensation Committee has determined that a significant part of the compensation of executive officers will be paid in the form of incentive payments under the Key Employees Incentive Plan ('KEIP') and the Management Performance Improvement Plan, as well as stock option grants.

The Compensation Committee has from time to time engaged recognized consultants in the executive compensation field to review and confirm the appropriateness of the Company's salary, annual bonus and long-term incentive programs for executive officers. Cash compensation is paid to executive officers, including the Chief Executive Officer (the 'CEO'), in the form of salaries targeted at or near the 50th percentile, and annual incentive payments under the KEIP. In collaboration with these consultants, the Compensation Committee has developed a policy to make available to executive officers annual incentive payments based on individual and Company performance which, when coupled

8

with salary, provide executive officers the opportunity to earn annual cash compensation above the 50th percentile for comparable positions in companies of similar size across all industries from which the Company seeks to attract executive officers.

The Compensation Committee periodically reviews the salaries of executive officers in light of competitive standards and the Compensation Committee's evaluation of their individual performance and makes such adjustments as are appropriate. Each year the Compensation Committee sets target cash incentive awards for executive officers under the KEIP. Such target incentives are indicative of the incentive payment that an executive officer might expect to receive for such year based generally on a strong performance by the individual executive officer in achieving established individual objectives, by his or her operating or staff unit, and the overall performance of the Company. For purposes of determining actual awards under such guidelines, individual performance is given a weight factor of 50%, and unit and Company performance are each given weight factors of 25%.

For 2002, the CEO had a target cash incentive award under the KEIP of 100% of salary. Based on the KEIP guidelines, the CEO's actual award could have ranged from 0 to 200% of salary, depending on his performance rating and that of the Company as determined by the Compensation Committee and approved by the Board. The Compensation Committee recommended and the Board approved an annual incentive payment of \$663,000 or 75% of salary for the CEO and annual incentive payments for the other executive officers for 2002 after considering the following quantitative and qualitative measures of the Company's performance in 2002: (i) revenues, earnings and cash flow on a consolidated basis; (ii) revenues, operating earnings and cash flow of each business unit; (iii) the employee safety performance of each unit; and (iv) changes in shareholder value as measured by the market capitalization of the Company. The Compensation Committee also took into account as additional factors and criteria: pricing and market conditions affecting each business unit; the effect of the economy on such businesses; comparative performance of the Company's competitors; productivity and cost containment measures successfully carried out; progress of management development and employee relations efforts; the quality of strategic planning, and communications with external constituencies.

The Compensation Committee's evaluation of the CEO's and the other executive officers' performance was based not only on the measures of the Company's performance and the other factors and criteria described above but also on the Compensation Committee's good faith business judgment of their performance as it related both as to results in 2002 and the long-term positioning of the Company. The Compensation Committee did not attach specific weights to the foregoing factors.

In 2002, the Compensation Committee made stock option grants to the executive officers of the Company totaling 292,000 shares of Pittston Common Stock, including a grant to the CEO of 172,000 shares of Pittston Common Stock. The Compensation Committee's intent in making these grants is to further align the interests of management and shareholders. Because the 2002 stock options were granted with exercise prices equal to 100% of market value on the date of grant, executive officers will benefit from such stock option grants only to the

extent the stock price of the Pittston Common Stock appreciates above the exercise price. In addition, since such options generally 'vest' only after periods ranging from one to three years from the date of grant, they enhance the ability of the Company to retain executive officers while encouraging such officers to take a longer-term view in their decisions impacting the Company. Stock options, therefore, tie the compensation of executive officers directly to the long-term performance of the Company.

As a further means to align the interest of management and shareholders, effective January 1, 2000, the Board adopted, and the Company's shareholders approved in May 2000, the Management Performance Improvement Plan. Participants in the Management Performance Improvement Plan, including all of the executive officers, have a substantial portion of their compensation tied to the achievement of goals established over three-year periods by the Board.

The Compensation Committee believes that reasonable severance and post-takeover employment arrangements are often an essential aspect of the terms of employment of executive officers. The Compensation Committee also recognizes the importance to the Company of retaining its executive officers during and after the disruption typically provoked by a takeover offer (whether or not ultimately successful). The Company is party to a 'change in control' employment agreement and a

9

severance agreement or employment agreement with each of its executive officers, and the Compensation Committee is firmly of the view that the Company and its shareholders have benefited from the protection which such agreements afford its executive officers. The Compensation Committee believes that these employment agreements provide reasonable compensation arrangements and give the Company a high degree of management stability during a period of change.

Internal Revenue Code Section 162(m) disallows a tax deduction for any publicly held corporation for paid remuneration exceeding \$1 million in any taxable year for chief executive officers and certain other executive officers, except for performance-based remuneration. In the past, the Company's shareholders have approved amendments to the Company's 1988 Stock Option Plan. The Management Performance Improvement Plan was approved by the Company's shareholders in 2000. The Compensation Committee will continue to evaluate the impact of the Section 162(m) limitations on an ongoing basis in light of applicable regulations and future events with an objective of achieving deductibility to the extent deemed appropriate.

REPORT OF AUDIT AND ETHICS COMMITTEE

In compliance with the requirements of the New York Stock Exchange, the Audit and Ethics Committee of The Pittston Company adopted a new Audit and Ethics Committee charter (the 'Charter'), which was approved by the Committee on March 13, 2003. A copy of the Charter is provided as Exhibit A to this Proxy Statement, and outlines the functions and responsibilities of the Audit and Ethics Committee. In connection with those responsibilities, the Audit and Ethics Committee has:

Reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2002 with management and KPMG LLP ('KPMG'), the Company's independent auditors;

Discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 regarding required communication by external auditors with audit committees; and

Received written disclosures and a letter from KPMG regarding KPMG's independence as required by Independence Standards Board Standard No. 1 and has discussed with KPMG their independence.

The Audit and Ethics Committee also considered, as it determined appropriate, tax matters and other areas of financial reporting and the audit process over which the Committee has oversight.

Based on the Audit and Ethics Committee's review and discussions described above, the Audit and Ethics Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission.

(1) As a result of the Exchange, the Company now has one class of common stock instead of three separate classes of common stock, each of which was intended to track the performance of certain of the Company's business units. For the line designated as 'Pittston Common Stock' the graph depicts the cumulative return on \$100 invested in Pittston Common Stock. For the Custom Composite Index and the S&P MidCap 400 Index, cumulative returns are measured on an annual basis for the periods from December 31, 1997 through December 31, 2002, with the value of each index set to \$100 on December 31, 1997. Total return assumes reinvestment of dividends. The returns of the component companies included in the Custom Composite Index are weighted according to such company's market capitalization at the beginning of each period. Companies in the Custom Composite Index are as follows: Airborne, Inc., Air Express International Corporation (through 1/14/00), Arch Coal Inc., Burns International Services Corp. (through second quarter 2000), Circle International Group Inc. (through 9/30/00), Expeditors International Inc., FedEx Corp., Protection One Inc., Wackenhut Corporation (Class A) (through 3/31/02), and Westmoreland Coal Co. The Company chose the S&P MidCap 400 Index because the Company is included in this index which measures the performance of the mid-size company segment of the United States market. The Company has not included information for the S&P Midcap 400 (Consumer and Commercial Services) Index as it has in prior years because the S&P no longer publishes that index.

RECOMMENDATION OF THE BOARD

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE
FOR THE APPROVAL OF THE INDEPENDENT PUBLIC ACCOUNTANTS.

PROPOSAL NO. 3 -- APPROVAL OF AMENDMENT OF
THE COMPANY'S RESTATED ARTICLES OF INCORPORATION

The purpose of the amendment to the Company's Restated Articles of Incorporation is to change the Company name from 'The Pittston Company' to 'The

Brink's Company.' In all other respects, the terms and provisions of the Company's Restated Articles of Incorporation will remain unaltered.

The Company believes that it is in the Company's best interest to amend Article I of the Restated Articles of Incorporation to read as follows:

The name of the Corporation is THE BRINK'S COMPANY.

While The Pittston Company name has a long history, much of the recognition arose from the Company's past participation in the coal industry. The Company recently completed its departure from the coal business through a series of dispositions of coal operations and reserves in order to focus on its core services businesses.

19

The Company believes that changing its name to The Brink's Company, as part of a distinctive new identity program, will clearly communicate the Company's position as the world's largest secured transportation company, a leading provider of residential monitored security services and a multi-modal transportation and supply chain management company, and will provide a stronger foundation for all of the Company's corporate communication efforts.

The name change will not affect the validity or transferability of currently outstanding stock certificates, and shareholders will not be requested to surrender for exchange any certificates presently held by them.

If the proposal is approved, the name change will become effective as of the effective date set forth in the Articles of Amendment to the Restated Articles of Incorporation that will be filed with the State Corporation Commission of the Commonwealth of Virginia. If the proposal is approved by the shareholders, the Company intends to make the appropriate filings promptly and to take all other actions necessary to implement the name change.
